Synergy BIS
Reston, VA

FULLSTACK DEVELOPER
NOV 2021 - PRESENT

Synergy BIS
Reston, VA

PROJECTS

ANGELIC SHIPPING

- Created a booking request form using React + ASP.NET Core
- Form is used by customers daily and ensures accurate and full information is submitted

SYNERGY DEVOPS

- Designed bash script using Terraform, Kubernetes, Helm Charts
- Script runs in docker container and creates entire devsecops stack in 1 command

GOLDWIDOW LLC

- Created applications using Blitzjs, including a [Daily progress tracker](#)
- [Contributed](#) to Blitzjs' code generator and helped maintain the codebase
